Exclusions

1. If you checked an activity listed above, indicate if you meet one of the following exclusions:

- Any activity conducted at a residence without compensation
- Any activity involving the use or storage of no more than two and one-half (2.5) gallons of each type of hazardous material on-site at any one time, provided the total of all hazardous materials on-site does not exceed fifty-five (55) gallons at any one time
- Any agricultural activity regulated pursuant to section 22a-354m(d) of the Connecticut General Statutes
- Any activity provided all the following conditions are satisfied:
 1. such activity takes place solely within an enclosed building in an area with an impermeable floor,
 2. such activity involves no more than 10% of the floor area in the building where the activity takes place,
 3. any hazardous material used in connection with such activity is stored in such building at all times,
 4. all waste waters generated by such activity are lawfully disposed through a connection to a publicly owned treatment works, and
 5. such activity does not involve (i) repair or maintenance of internal combustion engines, including without limitation, vehicles, or equipment associated with such vehicles, (ii) underground storage of any hazardous material, or (iii) above ground storage of more than one hundred and ten (110) gallons of hazardous materials
- Any activity solely involving the use of lubricating oil provided all the following conditions are satisfied:
 1. such activity does not involve cleaning of metals with chlorinated solvents at the facility,
 2. such activity takes place solely within an enclosed building in an area with an impermeable floor,
 3. any hazardous material used in connection with such activity is stored in such building at all times, and
 4. such activity does not involve (i) repair or maintenance of internal combustion engines, including without limitation, vehicles, or equipment associated with such vehicles, (ii) underground storage of any hazardous material, or (iii) above ground storage of more than one hundred ten (110) gallons of such lubricating oil and associated hazardous waste
- Any activity involving the dispensing of oil or petroleum from an above-ground storage tank or tanks with an aggregate volume of two thousand (2000) gallons or less provided all the following conditions are satisfied:
 1. such dispensing activity takes place solely on a paved surface which is covered by a roof,
 2. the above-ground storage tank (or tanks) is a double-walled tank with overfill alarms, and
 3. all associated piping is either above ground, or has secondary containment

2. Provide further explanation why activity is or is not regulated. (optional)

Regulatory Status

1. Please check the appropriate box below regarding your regulatory status.

- Yes, I have checked a **Regulated Activity** from the list and must register my facility.
(Proceed to complete the Registration Form attached.)
- No, I do not conduct any regulated activity and/or am not regulated because I meet an **Exclusion**.
(Sign below and return the Determination of Regulatory Status form only.)

2. Certification

"I have personally examined and am familiar with the information submitted in this document and all attachments, and I certify, based on reasonable investigation, including my inquiry of the individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief.

I understand that any false statement made in the submitted information is punishable as a criminal offense, under Section 53a-157b of the General Statutes and any applicable law.

I understand that the agency or its duly authorized agent may make regular inspections of the facility and associated property, except a private residence, at reasonable hours.

I certify that this application is on complete and accurate forms as prescribed by the Agency without alteration of the text."
